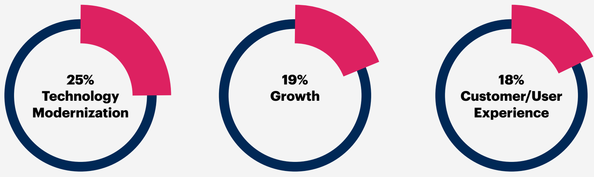
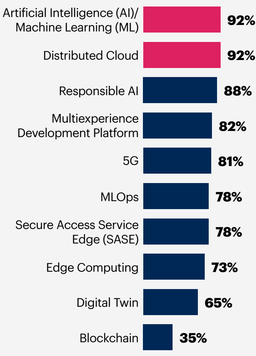
How your peers are investing in tech to deliver on digital initiatives

Get the 2023 CIO Agenda

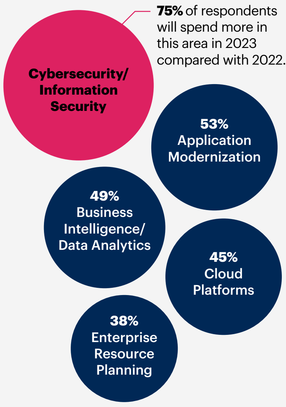
What are the top enterprise priorities?



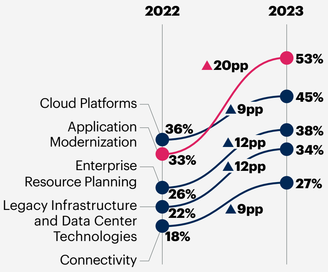
Which technologies are most likely to be implemented by 2025?



Where will investments go in 2023?



For which technologies will more CIOs increase funding in 2023 compared to 2022?



What are the challenges while developing a vision for digital change?

- Integrating the digital vision with existing enterprise-level strategies
- Agreeing on a shared vision across different parts of the enterprise
- Developing a clear action plan to implement the vision

What can you do now?

Analyze the gaps between your organization's strategic goals and technology capabilities to support them.

Where new technology investment is required, clearly indicate how it will align with enterprise strategy and **deliver quantifiable value** based on measurable goals.

Collaborate with your executive peers to **establish a shared digital vision** supportive of the new technologies required to move the organization forward.
